Name Bijou Labeaux

Description
The Brotherhood's top scientists and mystics have searched for an antidote to the zombie toxin for decades, but the most promising approach to a cure yet came from a civilian. Dr. Bijou Labeaux's doctoral dissertation on the zombie toxin was no less than a revelation, and the Brotherhood set her up with a cushy, state-of-the-art laboratory to continue her research. All that was left was to run her through the basic field combat exercises required of all new recruits. Once Bijou realized how fun field work can be, she became obsessed. Every moment not spent toiling away in the lab was spent petitioning the higher-ups for a promotion to field agent. When Silent Jim showed up, she knew she'd finally made it. Now she's out of the lab and ready to kick some ass.
